2. Objects of the preferential issue:

The Company is an investment company and is centered around identifying unique opportunities across diverse sectors. The Company currently holds controlling stake in 2 companies and 1 LLP which as operates in different business sectors, the details of which are mentioned below. Apart from holding investment in subsidiaries, the Company also invest in listed and unlisted securities, upcoming startups. The Company is evaluating opportunities in the sector of Distillery & Patented medical Devices sector. The Company intends to utilize the proceeds raised through the Preferential Issue ("Issue Proceeds") towards the following objects:

1. **Investment in Subsidiaries** – The Company i.e. Fundviser Capital (India) Limited is proposing to raise the funds by way of Convertible Warrants mainly to deploy the said funds into its three subsidiaries viz., DARS Transtrade Private Limited, Starlight Box Theatres Private Limited and New India RE & Infra LLP and some small part for its ongoing business and for general corporate purposes. The performance of the Subsidiary Companies is improving satisfactorily with the massive scope for expansion. The Directors are confident that if the additional funds are infused in these Subsidiaries, the same can grow at an exponential rate. The present financials, the amount to be invested and the purpose for which the said funds would be deployed by the Subsidiaries is furnished below: -

Sr . N o.	Names of the Subsidiary in which the Investment will be made/ The funds would be utilized	Amount of investments/ infusion from the proposed fund raising	Financial status of the subsidiary Company(s) as per Audited Financials of 31 st March 2025	Purpose for which the funds would be infused in the Subsidiary
1	DARS Transtrade Private Limited*	Rs. 45.00 Crore	Revenue – 2,375.33 lakhs PBT – 18.05 lakhs PAT – 13.87 lakhs	The Company is holding 51.12% of the total Equity Share Capital of DARS Transtrade Private Limited. The Company has ventured into foreign trade especially merchant trade and the amount was infused for that purpose. However, due to amount of investment being low, the company was constrained to work on the basis of getting advance payments from the parties to whom the goods were exported which lead to lower command on pricing and hence lower margins. However, management of the Company has observed that merchant trade requires large investments and it is only with more infusion of funds, that the company would be able to provide a reasonable credit

				period to the parties to whom goods are exported and achieve a turnover of amount USD 20-22 million which is around Rs.180-200 crores with decent margins, which will assist the company in commanding a better price and margins. Usually for one cycle of trade to be completed, it takes around 3 months, so in order to achieve a target of Rs.200 crores of turnover, we require around Rs.45.00 crores on Day 1 for purchase/procurement of goods. Accordingly, an amount of approximately Rs. 45.00 crores is planned to be infused. The basis for deploying Rs.45 crores is as under: Based on the trades completed upto now, the Average Value of a consignment ranges between around USD 3 million which @ a rate of Rs.88/- per USD would amount to Rs.26 crores and the payment realization for the same takes around 3 months. The management intends to take two consignments at a time, so around Rs.45 crores would be required to be infused as debt. The Company shall use the raised funds of Rs.45.00 crore within the tentative time of 6 months from the time of raising funds as and when raised and called within the outer limit of 18 months with the first 25% being called immediately on receipt of In-Principle approval from BSE and shareholders' approval in this EGM.
2	New India Re & Infra LLP	Rs. 12.50 Crore	The said LLP was recently incorporated on 21/10/2024. The first financial year of the LLP ended on 31 st March, 2025.	New India RE and Infra LLP is a LLP in which the Company holds 64% Partnership interest. There is real estate project coming up in this LLP on Plot admeasuring around 4 acres in the heart of Mumbai i.e. Worli

			As per the accounting standard followed in a real estate project, the entire revenue is recognized on project completion. Till then the entire amount of cost incurred will be treated as Work in Progress/Inventory	Sea Face area. The estimated cost of the project is around Rs. 1,500-2,000 crores with a revenue potential of more than Rs. 3,000 crores. This cost will be financed by a mix of Promoters Own Equity, an investor in the form of JV partner or a private equity fund or construction finance. However, in order to bring the project at a stage where a suitable JV partner or Private equity fund partner can be brought on board, a cost of around Rs. 200 crores is estimated for approvals, purchase of TDRs, buyout of existing tenants, basic construction work like excavation etc. Out of this Rs. 200 crores, Rs. 12.50 crores is estimated to be incurred in the next 5-6 months. Based on this, we have apportioned an amount of approximately Rs. 12.50 crores for this subsidiary as the initial additional promoter's contribution to meet the initial development and Municipal Authority Plan sanctioning and other costs. The shareholders who seek additional information on the project may contact the Company between 11:00 A.M. to 5:00 P.M. on all business days except Saturdays and Sundays till the date of the Extra Ordinary General Meeting.
3	Starlight Box Theatres Private Limited	Rs. 12.50 crores	Revenue — 777.76 Lakhs PBT — 209.52 lakhs PAT — 209.52 lakhs. (The Company is a startup Company as per the Certificate of recognition granted by DPIIT for carrying out	The Company holds 51.61% of the total share capital of the Starlight Box Theatres Private Limited. This subsidiary is into the business of erection, installation and operations of container box theatres which are cost-efficient & have a lower gestation period replacing the brick & mortar cinemas which take around 2-3 years to construct and also

			activities in the Media & Entertainment sector and enjoys tax exemption u/s 80IAC of Income Tax Act, 1961 for AY 2025-26 to AY 2027-28) Further, there is huge variation in the turnover and profitability of Starlight Box Theatres Private Limited as compared to last year as until last year the Investment made in the Company was on minimum level.	involve many approvals. The Company is already operating such container box cinema theatres at Devgad in Ratnagiri District of Maharashtra. This theatre is a success and the Company wants to scale its operations to other Tier-2 & Tier-3 cities of Maharashtra with another 2-3 screens which will cost around Rs. 5-6 crores. The Company has already identified a location at Mangaon for a Natyagruh which would cost around Rs.3.5 crores. Additionally, two box theatres are finalized at Nagpur & Satara which would cost around Rs.1.5 crores each. Further, negotiations are in progress for 3 more locations. So around Rs.12.50 crores would be deployed in this subsidiary. Apart from the above, the company as a step towards backward integration also invests in production of feature films, purchase of content or perpetual rights of regional films which are ready or about to be completed within 5-6 months from the date of purchase, the balance funds would be invested in these activities. Requirements of Funds:

As the funds are required in phased manner, the Company has proposed to issue Convertible Warrants with 25% of the subscription amount and rest 75% to be raised as and when required within a period of 18 months, so that the Company can raise the funds as per the requirements of the Projects/Subsidiaries.

In terms of the BSE Circular No. 2022/213-47 dated December 13, 2022, the amount specified for the aforementioned Objects may deviate +/- 10% depending upon the future circumstances, given that the Objects are based on management estimates and other commercial and technical factors.
